Line	Reporting Year	ВМР		Reporting	
No.	(Jan 1 - Dec 31)	Ref.	Measurable Goal Did Conover submit the Annual Self-Assessment to NCDEQ prior to	Metric	Comments
2	2	1 3.B.2.	February 28? Did Conover develop and distribute illicit discharge fliers?	YES	
12	2	3.B.2.	Number of illicit discharge fliers distributed?	75	Been in contact with GIS, Public
21	2	4.B.1.	Did Conover have an annual Stormwater Advisory Board meeting?	PARTIAL	Works, Planning Team about Stormwater
22	2	4.B.1.	Number of Stormwater Advisory Board meeting attendees?		
32	2	4.B.2.	Did Conover have a booth at a community event to disperse stormwater outreach materials/awareness through the use of interactive educational games and activities?	YES	Hickory Stem Trek (300 people, 130 handouts); Merry Maiden Downtown (75 people 40 handouts); Need to work on doing events at Library & Parks
33		4.B.2. 4.B.2.	Number of community events with a stormwater outreach booth? Number of stormwater booth interactions?	75	
34		4.0.2.	Did Conover staff provide in class instruction and/or storm water educational activities to students that attend Newton-Conover Middle	,,,	
48 49	2	5.B.1. 5.B.1.	School? Number of students present at these classes/activities?	NO	
58	2	5.B.2.	Did Conover conduct stormwater related workshops with teachers?	NO	
59	2	5.B.2.	Number of teachers attending stormwater related workshops? Did Conover distribute printed materials through events, school		
68	2	6.B.2.	presentations, display for public acquisition in Government buildings and on the WPCOG website? Did Conover provide one presentation about one of the six NPDES	PARTIAL	Government Buildings, Events, Web- Site
74	2	7.B.1.	Minimum Control Measures at each annual Water Quality Conference?	YES	
75	2	7.B.1.	Number of annual Water Quality Conference attendees? Did Conover evaluate following target pollutants: litter, sediment, gray	113	
	2	0.0.4	water, fats, oils, grease, animal operations, underground storage tanks, super fund sites, chemicals, illicit discharges, illegal dumping and	DARTIAL	
84		8.B.1.	improper disposal of waste? Were SWAR revisions needed to address target pollutants or audiences?	PARTIAL	
85	2	8.B.1.	Were SWMP revisions needed to address target pollutants or audiences? Did Conover evaluate the following target audiences: residents,	140	
94	2	8.B.2.	businesses, schools, construction activity, commercial, farms, industrial, development community, general public and municipal employees?	PARTIAL	
95 103	2 2	8.B.2. 10.B.1.	Were SWMP revisions needed to address target audiences? Did Conover update and maintain a stormwater web page?	NO YES	
109	2		Was annual self- assessment uploaded to the stormwater website?	NO	WPCOG(connected with town) will add updates
110	2		Were new/current educational materials added to the stormwater	NO	aud upuates
118	2		Number of hits / contacts made to stormwater web site?	123	
124	2	11.B.3.	Did Conover provide education during the enforcement process for illicit discharges, illegal dumping, and improper disposal of waste?	YES	
125 137	2	11.B.3. 12.B.2.	Number of citizen interactions during enforcement? Did Conover maintain a current stormwater hotline?	0 YES	No IDDE Issues
138	2	12.B.3.	Did Conover document stormwater hotline calls? Did Conover train stormwater hotline staff in general stormwater	YES	Staff Up to Date on Trainings. Have
139	2	12.B.4.	awareness, complaint call protocols and appropriate contacts for referral and typical stormwater issues?	YES	Powerpoint available for Public Works to Show & Re-educate Staff
140	2	12.B.5.	Number of stormwater hotline calls received? Did Conover establish / maintain an online form for public input and	0	Not any reported
156	2		stormwater reporting? Did Conover use the online form for public input and stormwater	YES	
157 158	2	14.B.2. 14.B.2.	reporting to track responses, inputs, issues, and concerns? Number of online form stormwater submittals?	YES 0	
170 171	2 2		Did Conover promote public involvement and participation related to stormwater programs, events, and projects on social media? Total number of social media stormwater posts? Did Conover participate in quarterly Water Resource Committee	PARTIAL 0	Connected with Hickory Area, People from Conover attend Hickory Events
180 181	2 2	16.B.1. 16.B.1.	meetings, which are open to the public, for discussion of water quality issues within the region? Number of attendees at Water Resource Committee meetings?	YES 32	
190	2	17.B.1.	Did Conover provide an annual survey open to feedback for a total of 4 weeks for public input on the stormwater program?	PARTIAL	Survey on the WPCOG Website, link is in Conover Stormwater Page
191	2		Number of stormwater program feedback surveys completed? Did Conover hold stream cleanup efforts by engaging groups to conduct	0	· ·
202 203	2	18.B.1. 18.B.1.	stream cleanup activities in appropriate areas? Number of stream cleanup events held?	YES 1	Cleanup
204 205	2	18.B.1. 18.B.1.	Number of stream cleanup participants? Number of trash bags filled by stream cleanup participants?	7 150 lbs	Volunteers that joined the sweep
219	2	18.B.2.	Did Conover provide all materials for stream cleanup activities (i.e. gloves, trash bags, and trash pickers)?	YES	
226	2	19.B.1.	Total number of identified major outfalls?	340	Based off of aerial images & other documentation, will be updated as inspections & SW Mapping occur
231	2	19.B.2.	Did Conover map at least 20% of unmapped areas each year until all areas are included in the MS4 map? Did Conover add flow directions to the MS4 map as other components	YES	In Progress
236	2	19.B.3.	Did Conover add flow directions to the MS4 map as other components are being mapped/created? Did Conover add new infrastructure to the MS4 map as new construction	YES	
241 246	2		occurs, updated on an annual basis? Did Conover review / update the existing IDDE ordinance?	YES YES	
254	2		Did Conover review / update the existing IDDE ordinance? Did Conover train staff on the processes defined in the IDDE Plan and what is required by the IDDE ordinance?	YES	
255	2	21.B.2. 21.B.2.	Number of staff trained on the processes defined in the IDDE Plan and what is required by the IDDE ordinance?	R	
262	2		Did Conover implement / enforce the IDDE Plan and IDDE Ordinance?	YES	
267	2		Did Conover locate / idenitfy priority outfalls near high pollution risk areas?	PARTIAL	There are no high pollution risk areas identified currently
			Did Conover perform regular dry weather (no rain in previous 72 hours) outfall inspections of at least one section (20%) to proactively identify		
272 276	2		illicit discharges and illicit connections? Number of dry weather outfall inspections performed?	PARTIAL	
277	2	23.B.2.	Number of potential illicit discharges identified during dry weather outfall inspections?	0	
286	2 2		Did Conover inspect priority areas likely to have illicit discharges on a semi-annual basis?	PARTIAL	There are no high priority areas. Conover's new construction sites are being monitired by staff (Public Works & WPCOG)
287	2	25.B.1. 25.B.3.	Number of illicit discharges identified in priority areas? Did Conover evaluate / assess / update annually the IDDE plan/program?	0 PARTIAL	No Updates Needed at this time
293			Did Conover track illicit discharge/connection and illegal dumping		spaces record at this tille
301 306	2 2		reports/investigations utilizing the IDDE layer on top of the MS4 map? Number of verified IDDE issues?	YES 0	
311 316	2 2		Number of IDDE enforcement actions issued? Number of IDDE enforcement actions resolved?	0	
322	2		Did Conover establish and maintain a list of chronic violators, as applicable, and updated on a semi-annual basis?	PARTIAL	No Chronic Violators
323 331	2		Number of chronic violators identified? Did Conover evaluate IDDE response time?	YES 0	
336	2	34.B.4.	Did Conover maintain a construction waste management ordinance?	YES	

342					
343	2	34.B.5. 34.B.5.	Did Conover enforce the construction waste management ordinance? Number of construction waste enforcement actions?	YES 0	
355	2	35	Did Conover track the number of low-density and high-density plan	YES	
356 357	2 2	35 35	If so, how many low density project reviews were performed? If so, how many high density project reviews were performed?	0	
358	2	35	If so, how many low density project reviews were approved?	0	
359	2	35	If so, how many high density project reviews were approved?	0	
			Did Conover maintain a current inventory of low-density projects and constructed SCMs, including SCM type or low-density acreage, location,		
376	2	35	last inspection date and type of enforcement action (if any)? How many high density non-municipally owned SCM inspections were	YES	
381 386	2	35 35	performed? How many low-density inspections were performed?	7	
391	2	35	How many post-construction enforcement actions were issued? Did Conover review procedures and submittal documents annually to	0	
397	2	38.B.1.	determine if items need to be added or modified?	YES	
403	2	39.B.1.	Did Conover ensure that each project has an approved O&M Agreement and O&M Plan prior to CO?	PARTIAL	Projects in Progress of Approval
404	2	39.B.1.	Number of permitted projects with O&M plans that received their CO?	0	
414	2	41.B.1.	Did a qualified City representative perform an SCM inspection on all project SCMs to ensure compliance?	PARTIAL	
415 416	2	41.B.1. 41.B.1.	Number of pre-CO SCM inspections completed? Number of pre-CO SCM re-inspections completed?	0	
428 429	2	41.B.2. 41.B.2.	Did Conover inspect all SCMs annually? Number of annual SCM inspections completed?	YES 7	
437	2		Number of failed SCM inspections?	0	
443	2	41.B.3.	Number of qualified licensed professional SCM inspections completed with documentation received?	_	
444	2	41.B.3.	Number of SCMs under annual inspection enforcement.?	7	
			Did Conover provide educational material to the general public about low density developments: during the issuance of zoning permits, distributed		
455 456	2	42.B.3. 42.B.3.	through mailings, posted on social media, and handed out at events? Number of low density educational materials distributed?	YES 50	
457	2	43.B.2.	Did Conover provide educational material to developers about high density development?	PARTIAL	
458	2	43.B.2.	Number of high density informational materials distributed?	50	
	_	40.5	Did Conover establish / maintain links to all ordinances, manuals, policies,		
472	2	43.B.3.		YES	
479	2	44.B.2.	Did Conover develop / distribute educational materials on the impacts of unmaintained wastewater systems have on water quality?	YES	
480 490	2	44.B.2. 45.B.3.	Number of wastewater educational materials distributed? Did Conover implement facility O&M plans?	PARTIAL	In Progress
495	2	46.B.2.	Did Conover maintain a current municipal facility inventory?	YES	
503	2	46.B.3.		YES	
504	2	46.B.3.	Did Conover perform once per permit term inspections for low potential facilities?	PARTIAL	In Progress
			Number of annual facility inspections for high stormwater pollution		Public Works, Water Treatment Plant,
505	2	46.B.3.	potential facilities performed? Number of once per permit term inspections for low potential facilities	6	Fire Stations (3), Police Station Parking Lots, Parks, City Hall,
506	2	46.B.3.	performed?	15	Cemetary, Other
520 526	2		Did Conover review /maintain / update spill response procedures? Number of non-reportable spills?	YES	
527	2		·	U	
		47.B.3.	Number of spills reported to DEQ?	0	
536	2	49.B.1.	Did Conover provide staff and contractor training on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping	YES	Initial Training occurred last year, PowerPoint is accessible for new staff and to refresh for the Public Works Team
536			Did Conover provide staff and contractor training on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping	YES 8	PowerPoint is accessible for new staff and to refresh for the Public Works Team
537	2	49.B.1.	Did Conover provide staff and contractor training on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Number trained on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Did Conover inspect the MS4 infrastructure (pipes, major outfalls,	8	PowerPoint is accessible for new staff and to refresh for the Public Works Team
537 547 548	2 2 2	49.B.1. 49.B.1. 50.B.1. 50.B.1.	Did Conover provide staff and contractor training on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Number trained on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Did Conover inspect the MS4 infrastructure (pipes, major outfalls, stormwater conveyances, and basins) to ensure functionality? Number of MS4 inspections performed?	8 YES 200	PowerPoint is accessible for new staff and to refresh for the Public Works Team
537 547	2 2	49.B.1. 49.B.1. 50.B.1.	Did Conover provide staff and contractor training on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Number trained on illicit discharges, pollution prevention, outreach, how to respond to IDDE or post construction issues, spill prevention and response procedures, municipal facility requirements, construction runoff, Post construction ordinance and procedures, pesticide and fertilizer management, IDDE Plan procedures and requirements, IDDE ordinance, and good housekeeping procedures? Did Conover inspect the MS4 infrastructure (pipes, major outfalls, stormwater conveyances, and basins) to ensure functionality? Number of MS4 inspections performed? Number of MS4 issues identified during MS4 inspections?	8 YES	PowerPoint is accessible for new staff and to refresh for the Public Works Team
