Each 30 days of continued violation shall be considered a separate offense.
3. If the Owner fails to comply with an order to remove or demolish the non-residential Building or Structure, the Board may adopt an ordinance ordering the Public Officer to proceed to effectuate the purpose of this section with respect to the particular property or properties that the public officer found to be jeopardizing the health or safety of its occupants or members of the general public. No ordinance shall be adopted to require demolition of a non-residential building or structure until the Owner has first been given a reasonable opportunity to bring it into conformity with the minimum standards established by the Board. The property or properties shall be described in the ordinance. The ordinance shall be recorded in the Caldwell County Office of the Register of Deeds and shall be indexed in the name of the property Owner or Owners in the grantor index. Following adoption of an ordinance, the Public Officer may cause the Building or Structure to be removed or demolished.
4. In the case of a non-residential Building or Structure, if the Board adopted an ordinance or the Public Office issued an order requiring the building or structure to be repaired, or vacated and closed, and the Building or Structure has been vacated and closed for two years pursuant to the ordinance or order, the Board may make findings the Owner has abandoned the intent and purpose to repair, alter, or improve the Building or Structure and the continuation of the Building or Structure in its vacated and closed status would be harmful to the health, safety, and welfare of the

people of the County, in that it would continue to deteriorate, create a fire or safety hazard, threaten children and vagrants, attract persons intent on illegal activities, or cause or contribute to blight and the deterioration of property values in the area. Upon such findings, the Board may, after the expiration of the two-year period, enact an ordinance and serve such ordinance on the Owner, setting forth the following:

- i. If the cost to repair the non-residential Building or Structure to bring it into compliance with the minimum standards is less than or equal to 50% of its then-current value, the ordinance shall require the Owner either repair or demolish and remove the Building or Structure within ninety days.
 - ii. If the cost to repair the non-residential Building or Structure to bring it into compliance with the minimum standards exceeds 50% of its then-current value, the ordinance shall require the Owner to demolish and remove the Building or Structure within ninety days.
5. In the case of vacant manufacturing facilities or vacant industrial warehouse facilities, the Building or Structure must have been vacated and closed pursuant to an order or ordinance for a period of five years before the Board. The ordinance must be recorded in the Caldwell County Office of the Register of Deeds and indexed in the name of the property Owner in the grantor index.
6. Then in such circumstances, the Board may, after the expiration of such one-year period, enact an ordinance and serve such ordinance on the Owner, setting forth the following:
 - i. If it is determined that the dwelling is deteriorated, the ordinance shall require that the Owner either repair or demolish and remove the Dwelling within 120 days.
 - ii. If it is determined that the dwelling is dilapidated, the ordinance shall require the Owner to demolish and remove the Dwelling within 120 days.

(e) Liens

1. The amount of the costs of repairs, alterations, improvements, vacating of, and closing, or removal or demolition by the County shall constitute a real property lien, upon which the cost was incurred. The real property lien shall be filed, have the same priority, and be collected as the lien for special assessment provided in State Law.
2. If the Dwelling is removed or demolished by the County, the local government it shall sell the materials of the Dwelling, and any personal

property, fixtures, or appurtenances found in or attached to the Dwelling.

- i. The proceeds of the sale will be credited against the cost of the removal or demolition, and any balance remaining shall be deposited in the Clerk of Court.
 - ii. It shall be secured in a manner directed by the Clerk of Court and shall be disbursed by the Clerk of Court to the Persons found to be entitled thereto by final order or decree of the Clerk of Court.
 - iii. If the County contracts for demolition, the contractor shall verify by affidavit the proceeds from the sale of any salvaged materials, including personal property, fixtures, or appurtenances, have been credited against the cost of demolition.
3. Nothing in this Chapter shall impair or limit in any way the authority of the County to define and declare nuisances and to cause their removal or abatement by summary proceedings or otherwise.

(f) Civil Action

If any Owner or Occupant fails to comply with a lawful order to vacate a place of habitation, the County may file a civil action for summary ejectment to remove the occupant as authorized by State Law.

In that case the requirement shall not be suspended except by a restraining order or injunction issued by a court of competent jurisdiction.

(c) The Housing Appeals Board

1. The Housing Appeals Board shall fix a reasonable time for hearing appeals, give notice to the parties, and shall render its decision within a reasonable time. Any party may appear themselves or be represented by an attorney.

5. Within 30 days of the issuance of the Housing Appeal Board's decision, a Person with standing may apply to the Superior Court for relief.

4. In addition to any other penalty imposed by this Ordinance, the County may seek any other legal remedy under the law.

(c) Criminal Penalties

In addition to any other penalty imposed by this Ordinance, an Owner or Party of Interest which occupies a residential building which has been posted preventing occupancy shall, upon conviction, be guilty of a Class 1 misdemeanor, with a maximum penalty of 120 days in jail and a discretionary fine, as provided by law. Each 30 days of continued violation shall be considered a separate offense.
