Workforce Development Director

PROGRAM MONITORING POLICY

PURPOSE: To transmit the programmatic monitoring policy for Western Piedmont Workforce Development Area (WPWDA). *To rescind WPWDA Program Monitoring Policy dated November 6, 2023.*

BACKGROUND: The Department of Commerce, Division of Workforce Solutions requires that local area staff monitor the Workforce Innovation and Opportunity Act (WIOA) programs annually. The WPWDB Program Manager, herein referred to as program manager, completes required annual monitoring. The WPWDB Program Coordinator, herein referred to as program coordinator, monitors files in ncworks.gov quarterly and weekly. The program manager visits the NCWorks Career Centers throughout the year to review program operations for compliance inclusive of technical assistance and corrective actions. During annual monitoring, a random sampling of 20% of participant files from each cohort (Adult, Dislocated Worker & Youth) are selected for review. In the WPWDB, annual program monitoring is completed in the 3rd quarter of the current program year. If there is variance in this schedule, the Title I Service Provider (herein referred to as service provider) will be notified. Quarterly monitoring is intended to review files, identify training issues and ensure compliance throughout the year. In order to be equitable to all career advisors, 1-2 participant file(s) is selected from the caseload of each career advisor. Weekly monitoring includes files which are within 15 days of soft exit and involves ensuring that participant files are prepared for exit from the Title I program.

When the WPWDB awards Incumbent Worker Grants, a sampling of 20% of the incumbent worker files will be reviewed.

PROCEDURE:

Annual Monitoring

- 1) An email is sent to the service provider with possible 3rd quarter dates in the current program year for annual monitoring in order to determine which dates work best for both parties. A 30-day notice is provided.
- 2) After a date is finalized, a letter goes out to the service provider confirming the dates of the programmatic monitoring.
- 3) The annual monitoring visit includes a review of the selected participant files in ncworks.gov and the completion of the Western Piedmont Workforce Development WIOA Program Monitoring Checklist (Attachment A). This review serves to ensure that each file contains all that is required by the WPWDB including appropriate case notes, service codes, uploaded documents, required signatures, and complete Individual Employment Plans and Objective Assessments. In addition, Data Validation Elements will be reviewed during annual monitoring of all programs.
- 5) Once the monitoring process is complete, a monitoring report is prepared and sent to the service provider along with a letter listing the dates the monitoring took place and notifying the service provider that anything in bold requires a response within 30 days from receipt of the report.

- 6) Once a response is received for anything in bold print found in the monitoring report, the program manager will determine if any additional actions or responses are required.
- 7) When completed, the monitoring documents are submitted to the Workforce Board Director for review and signature and then filed electronically in the Monitoring file under the corresponding program year.

Quarterly Monitoring

The purpose of quarterly monitoring is to identify any training needs to ensure compliance throughout the year. Quarterly monitoring is conducted in the 1st, 2nd & 4th quarters of the current program year. It is not conducted in the 3rd quarter due to annual monitoring taking place. Quarterly monitoring is particularly important when training new staff.

- 1) The caseload list for each career advisor is pulled and 1-2 participant files are randomly selected for thorough review using the Western Piedmont Workforce Development WIOA Program Monitoring Checklist. (Attachment A). More files may be reviewed when new staff have been hired during the year or if a consistent issue is found.
- 2) Once the file is reviewed, an email is sent to the career advisor with a copy to their manager outlining any technical assistance and/or corrections needed.
- 3) The career advisor has 10 business days to make corrections and respond that they have been completed.
- 4) Training will be provided through weekly staff meetings or called service provider meetings when recurring items reveal that additional training is needed. If monitoring reveals that a new career advisor(s) requires additional training, then that will be arranged by the Program Manager.

Weekly Monitoring

The purpose of weekly monitoring is to ensure that information required for performance and exit is correctly entered into ncworks.gov. Random Data Validation elements will also be reviewed.

- 1) Each week the 15 Days to Exit Report is pulled from ncworks.gov indicating those participants who will soft exit. This is converted to an excel spreadsheet with pertinent information and printed.
- 2) These files are reviewed to ensure that they are ready to exit the program. Monitor confirms that the participants who have successfully completed training have a Credential and Measurable Skills Gain (when applicable) recorded in ncworks.gov. The monitor also ensures that there is an exit case note showing that the participant completed all requirements of the program and indicates the presence of these items directly on the report.
- 5) In the event that a participant did not successfully complete their training program, the file is reviewed prior to the soft exit to ensure that the exit case

note is there indicating the reason for the exit at that time. (No contact, unsuccessful completion of training, etc.)

- 6) Once the monitoring is completed and recorded on the report, the report is signed and dated by the program coordinator who completed the monitoring and forwarded to Program Manager for their review and signature. It is then filed electronically in the monitoring file for the current program year.

Incumbent Worker Program Monitoring

- 1) 20% of the incumbent workers are selected for file review using the Western Piedmont Workforce Development WIOA Incumbent Worker Monitoring Checklist (Attachment B). This is completed annually.
- 2) Files are reviewed to ensure eligibility of the participants.
- 3) After reviewing files, a report is sent to the Business Services Representative and a copy to the Workforce Development Director identifying any issues that are identified.
- 4) Issues, which are identified, should be corrected with a response to the Program Manager within 15 days.
