Common Mobility Barriers

Have you seen these in your community?

Curb Ramps

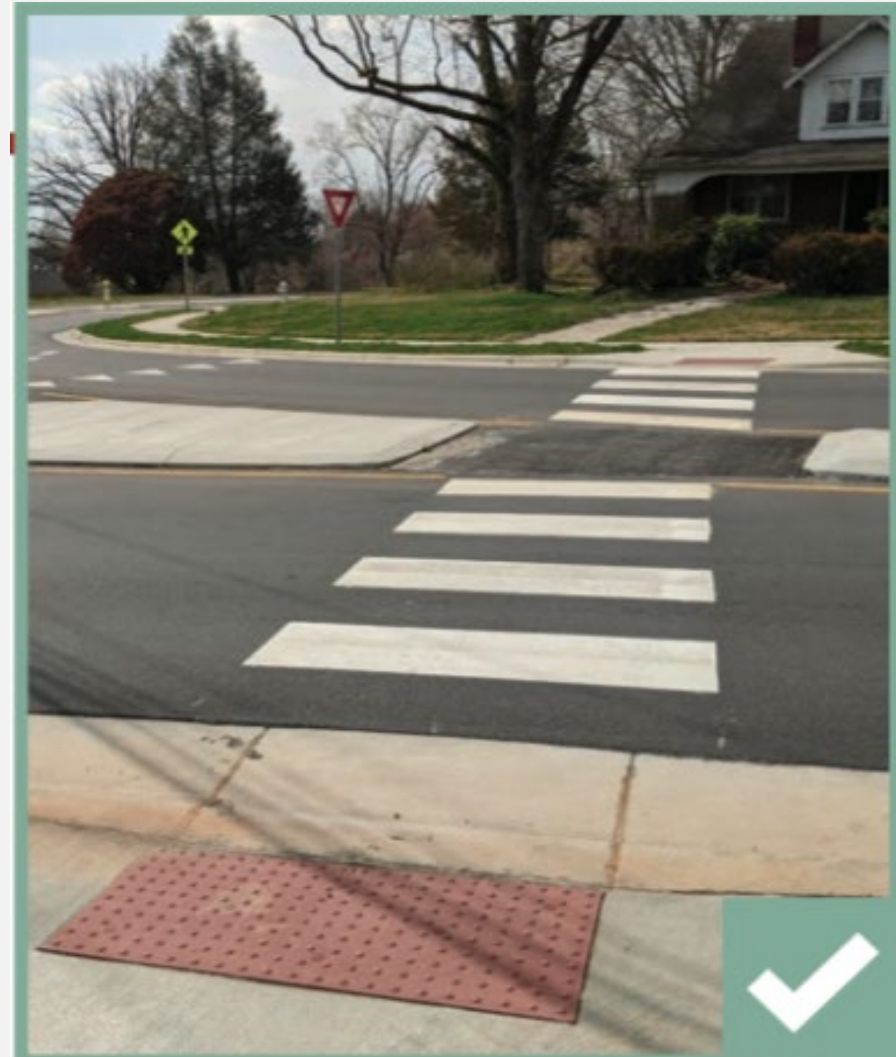

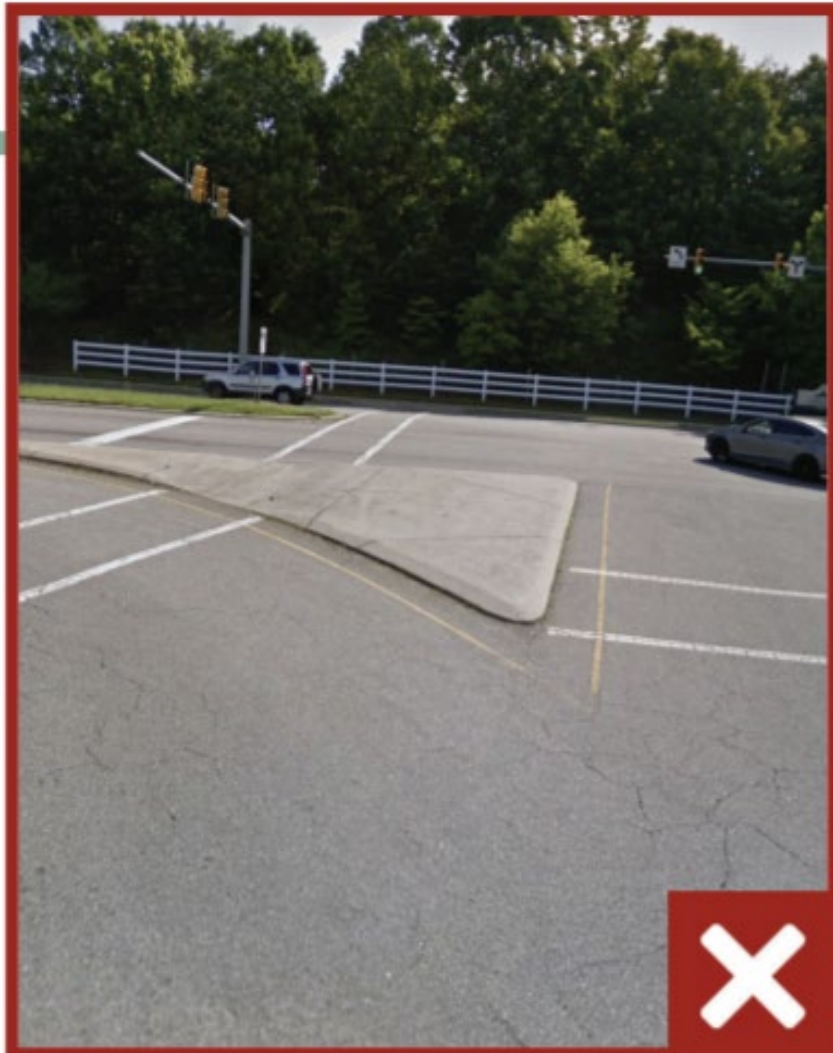

Crosswalks

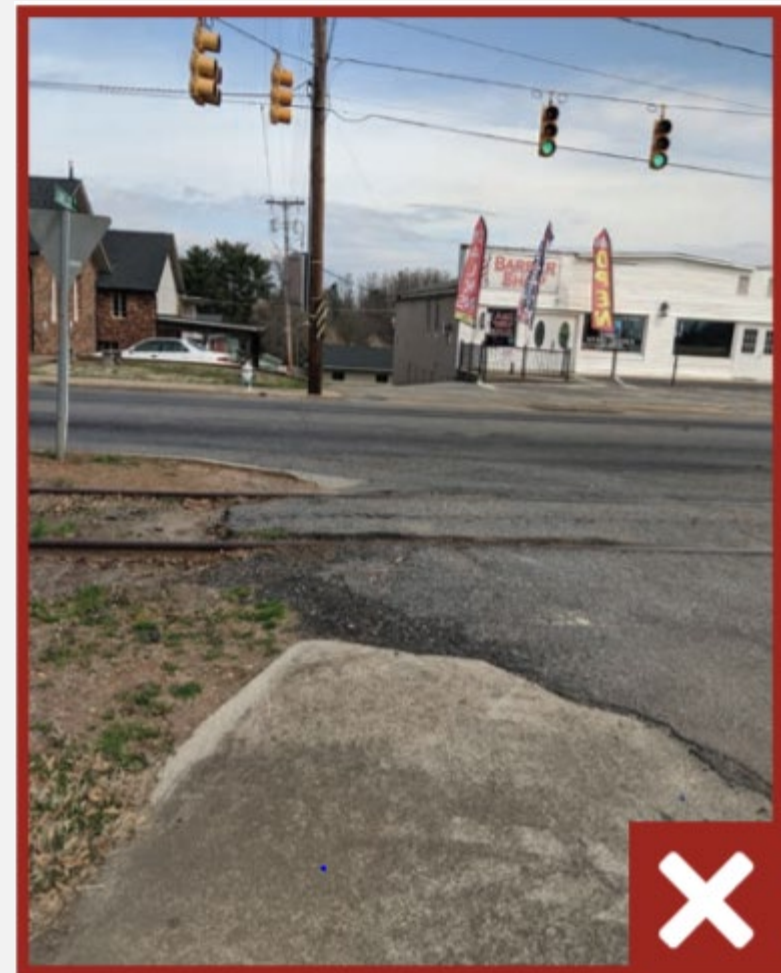

Driveway Cuts

Pedestrian Islands

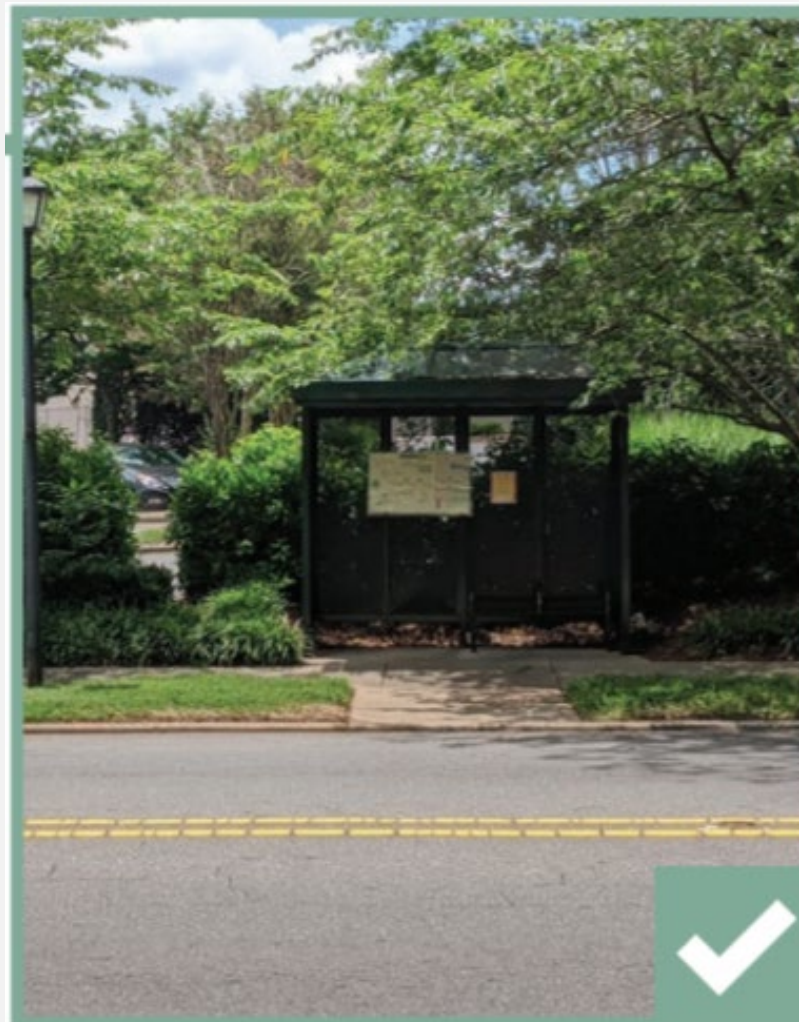

Railroad Crossings

Pedestrian Signals

Bus Stops

Sidewalk

Lack of Proper Infrastructure

- Lack of sidewalk (or pedestrian infrastructure) to popular destinations, work, groceries, education, medical, daycare, etc.
 - Where do you see pedestrians walking with no sidewalk? Where do you see cyclists with no safe bike lanes?
 - Where might pedestrians travel if given proper infrastructure? Where might cyclists ride if given proper infrastructure?
- Poor lighting
- High speeds and no safe area for bikers and pedestrians
- Poor signal timing for crossing busy intersections
- Popular bus stops with no sidewalk or waiting area
