County Status

Adopted Trails: 1,311 miles

- Implementation Phase
- Outreach Phase
- Planning Phase

SB February 2012

The trail corridors in this plan are depicted with ¼ mile wide lines to show the general location of the intended route. The trail itself will be narrower, in recognition that communities will determine the exact location of their segments upon trail design and development.

The broadly defined greenway corridors present multiple opportunities for adjustments for a defined route, so that landowners can continue to be involved in fine tuning and defining the location of trails and amenities.
