

Movability Advisory Committee Meeting #2

9/28/2021 at 10:30 A.M.

Agenda

"MAC was specially designed to help the GHMPO planning area identify necessary policy, systematic, and environmental changes. The committee promotes equitable access to all forms of transportation, specifically bike, transit, and pedestrian. MAC strives to make alternative transportation modes as safe as possible by identifying and removing mobility barriers. MAC utilizes locally adopted plans as well as public involvement to identify mobility barriers. The committee will address identified needs by coordinating with municipalities, NCDOT, and key representatives in the four-county region (Alexander, Catawba, Burke, and Caldwell) to implement solutions".

1. Introductions
2. How MAC is supporting environmental changes within the region – problem areas identified at last meeting, audit results, and supporting data
3. Additional problem areas
4. How MAC is supporting policy changes within the region – repaving schedules & adopted plans in coordination with problem areas, LAPP methodology, environmental justice and Title VI
5. Next Steps
 - a. Meeting with municipalities
 - b. Local call for projects
 - c. Potential funding sources
 - d. Potential interactive map and/or application
6. Next Meeting
