

Movability Advisory Committee Meeting #4

3/21/2022 at 1:30 P.M.

Agenda

"MAC was specially designed to help the GHMPO planning area identify necessary policy, systematic, and environmental changes. The committee promotes equitable access to all forms of transportation, specifically bike, transit, and pedestrian. MAC strives to make alternative transportation modes as safe as possible by identifying and removing mobility barriers. MAC utilizes locally adopted plans as well as public involvement to identify mobility barriers. The committee will address identified needs by coordinating with municipalities, NCDOT, and key representatives in the four-county region (Alexander, Catawba, Burke, and Caldwell) to implement solutions".

1. Introductions
2. **How MAC is supporting policy changes within the region** – Adopted LAPP methodology (for local bicycle and pedestrian projects) – complete streets policy similarities
3. **Opportunity for MAC to guide policy and systematic changes within the region** – presentation on the upcoming regional long range transportation plan and public involvement
4. **Opportunity for MAC to influence environmental changes within the region** – new walk audit ideas and potential opportunities
5. Updates from group members
6. Next Meeting – Monday, June 20, 1:30 pm
